THE ZIPPER CLUB NEEDS YOUR HELP!

Len N. Wallace (Louisville native and writer of Oni Press' **LOVE BUZZ** and Dreamworks/Ape Entertainment's **KUNG FU PANDA** needs your help make a very personal project a reality!

At age 8, Cliffy Goldfarb was the recipient of an emergency heart transplant. At age 9, Cliffy is now struggling to cope with the limitations his still recovering body is undergoing, and the fact that because of this, he has trouble relating to his peers. When his mom suggests spending his summer at Camp Bravehearts, a place for kids living with heart defects like his own, he has some trepidations about going this camp for "special" kids, but soon learns his worries were all over nothing when he meets a young girl named Rosie who introduces him to a group of new friends who encourage him by showing off their surgical scars to one another and inducting Cliffy into "The Zipper Club!"

Len and Brenda are taking donations through IndieGoGo.com to raise the money to print this very special book, grab a copy for yourself or a friend, and help us put it in the hands of the kind of kids who need it. **Donations start as low as \$1 and include lots of fun rewards! A portion of any profits will be donated to the American Heart Association as our way of giving back!**
